About Me

Hey! I'm Wajahat Kamal, a passionate Full Stack Developer who loves building modern, responsive, and high-performance web applications using the MERN Stack. I enjoy turning ideas into interactive digital experiences that are both visually appealing and user-friendly. My goal is to write clean, efficient code and continuously learn new technologies to grow as a developer.

Skills

Next.js, React.js, JavaScript (ES6+), TypeScript, Node.js, Express.js, MongoDB, Tailwind CSS, Git, Responsive UI Design

Projects

AI-Powered MERN Blog

Built an intelligent blog platform with MERN Stack and Tailwind CSS, enabling smart content creation, image optimization, and a modern responsive UI.

AI Chatbot (Google Gemini API)

Developed a real-time AI chatbot using MERN Stack, Tailwind CSS, and Google Gemini API, featuring natural language responses and an interactive chat interface.

Homify – Real Estate Platform

Created a clean, modern real estate website using React.js and Tailwind CSS, focused on a sleek design, smooth navigation, and a fully responsive layout.

Education

Matric Student

Currently pursuing studies while building full-stack projects and expanding technical expertise in React, Node.js, and modern web development.
